

Dearest parishioners,

Graduation looks different this spring semester for many. We may not be able to gather in person for commencement yet, but that doesn't diminish the great accomplishments of our Greek school graduates at Annunciation Elkins Park:

Efianna Giannoumis

Efianna loves to bake! Her specialty is making birthday cakes and cupcakes for her family. She takes jazz and tap lessons, which she hopes to continue in the fall. Efianna is excited about being part of our Elkins Park GOYA next year!

Efianna will be attending the 7th grade at C.C.A. Middle School in Philadelphia, PA

Panteli Sourias

Panteli is extremely handy and makes a really good steak and baked potato dinner. He has been practicing Karate for 5 years and is very close to getting his black belt. He's hoping he can still play flag football this spring/summer. He is also in the altar and really misses his church family.

Panteli will be attending the 7th grade at Holland Middle School in Holland, PA.

On behalf of their teachers, the Greek School Board and myself, we applaud their dedication and devotion and congratulate their years of hard work.

We hope that their future continues to be as bright as they are!

We wish them the best of luck as they slowly move into the real world and commend them on completing such a valuable program.

Sincerely,
Despina Sourias, Greek School Director
